What is the term of this agreement?

If you feel this programme is not right for you and your business you can leave at any time. We ask out of consideration that you give us 1 months notice in writing. If you wish to remain an Insider you would be very welcome, however we would ask that you ensure Insiders are aware that you are not an affiliate now.

Your marketing material, links and affiliate offer will be removed on notification that you wish to leave – however we hope that will not happen.

All articles relating to your work as an affiliate will be removed from the site and all content/training/planners delivered to the confidential community will be removed.

The Affiliates that benefit the most from this programme offer some or all of the following;

- **Deliver a Webinar:** Affiliates are encouraged to deliver a 10 to 60-minute webinar to the Insiders confidential mastermind group. This webinar will be promoted across our entire network; however, only Insiders will be able to access the content and engage with the affiliate. To utilise this opportunity, you must be an active, up to date with subscription fees Insider. Please supply us with images, links, title, bio, expected outcomes from this training.
- **Supply Articles, Reports, and Advice:** Affiliates can publish articles, reports, and advice to the Insiders and password-protected content on the website only accessible to Insiders. Abridged versions of your content may also be featured in our marketing campaigns, social posts, and blog.
- **Monthly Networking:** Affiliates are invited to network with us once a month to help build relationships and connections. (Virtual and Face to face.)
- **Engage on Social Media:** Affiliates should engage with the Insiders network and wider community on social media platforms. All links are accessible on our website.
- **Payment Terms:**
All fees agreed upon for services rendered through the INsiders programme are due upon confirmation of agreement or contract, not upon receipt of invoice. As the INsiders network delivers value

through immediate exposure, lead generation, and access to potential new business, prompt payment is required to initiate and maintain these services. Delayed payment may result in suspension of promotional activity or access to benefits until payment is received in full.

We aim to promote you and what you feel you can offer to our members; therefore we are open to ideas too.

By working with us through this programme you enable us to keep the costs to small businesses low and we welcome the opportunity to put experts before our members.
